

# The Raymond Rustler

A PAPER DEVOTED TO THE INTERESTS OF RAYMOND

VOL. 8

RAYMOND, ALBERTA, FRIDAY, NOVEMBER 11, 1910

124

## Mr. Bert Day Passes Peacefully Away

At his residence at Welling on Saturday, 5th, Mr. Bert Day passed peacefully away. He leaves a wife and two children, father, mother, brothers, sisters and a host of friends to mourn his loss.

Mr. Day had suffered for the past four years with stomach trouble. Mr. Day was a faithful Latter Day Saint and was always found doing his duty. The funeral was held at Welling on Sunday at 12 o'clock, thirty vehicles followed the remains to its last resting place at Temple Hill, Raymond.

## The Beautiful Pagan

A large house greeted the "Beautiful Pagan" which was played at the Opera House Friday evening last by H. Craven and company. Although this company consisted of local people the play was well played. Special mention is due Miss Stella Van Wagoner, who played the part of Drusilla Ives. In this part Miss Van Wagoner portrayed the character of the Beautiful Pagan almost to perfection, and was a credit to the company. Mr. Herbert Craven as the Duke of Gusebury played his part very well. The remainder of the troupe did justice to their parts although there were a few who did not know their lines. Messrs Craven and Lee put on a Pierrot act as a specialty, which was very good and appreciated by all.

## Harold Nelson Coming

Mr. Harold Nelson and his associates will play a return engagement here next Monday and Tuesday evenings.

This versatile actor is equally at home in either a comedy or dramatic play and in "Candida" he has a part which gives him ample scope in which to display his wonderful talents.

"Candida" is a play of modern life. The predominating element is humor but its lines contain some real heart interest. Its master dramatist interprets them so as to give the Auditor the full meaning as inferred by the author.

This play will be produced at the Raymond Opera House next Monday and Tuesday evenings.

A Bailiff's Auction sale of about thirty five head of horses, including six nules belonging to J. E. Mason of Raley Alberta, will take place at Bonnell's Livery Barn, Fourth Ave. South Dufferin Street, Lethbridge, Alberta, at 2 o'clock on Thursday afternoon the 24th day of November, 1910. This Stock has been seized under Chattel Mortgage and will be sold without reserve. Terms Cash.

PUBLIC NOTICE

A Sittings of the District Court will be held at Raymond on Tuesday, November 15th, commencing at 10 a. m.

L. F. Clarry  
Deputy Attorney General  
Dated at Edmonton  
November 7th, 1910

## A Little Water Works Light

The water mains are now completed and tested on Broadway as far north as Ex-Mayor Green's corner and on First North Street from Second East to Second West Streets and as soon as the necessary connections arrive the people residing along the said streets will be able to connect with the mains and realize the benefit of the convenience.

Every effort is being put forth by W. I. Gray and Co., the contractors, to complete the work before it freezes up and with a reasonable amount of fair weather this can be accomplished.

It will not be long until we have realized the dream of the past and find ourselves living in the very enjoyment of this much to be appreciated convenience and the rate payers will have cause to feel that the undertaking was a necessity.

From all indications the system will prove satisfactory and with a little care on the part of the water users the cost of maintenance can be reduced to a minimum and it should be the business of every ratepayer to assist in this matter.

What need to be an impossibility a few months ago, when it was announced that the work would be completed by the 15th of December, is now within the possibilities and it is hoped that at least the original contract will be completed before winter is on its full blast.

There can be no complaint as to the delay by the contractors since they began work and it is truly marvelous how rapidly they travel along the street leaving a trench behind them seven feet deep.

## The Curfew By-Law

Whereas a majority of the resident ratepayers of the town of Raymond have petitioned for the enactment of a by-law regulating the time after which children shall not be in the streets after nightfall without proper guardianship;

And whereas it is expedient that the prayer of said petition be granted;

Therefore the Municipal Council of the town of Raymond enacts as follows:—

1. No child who is apparently under the age of sixteen years of age shall be in any of the streets of the town of Raymond after the hour of nine o'clock in the evening during the months of May to October both inclusive, or after the hour of eight o'clock during the months of November to April, both inclusive.

2. At the time mentioned the school bell shall be rung by some person deputed for that purpose by the council, as a warning after which the children by this by-law required to be off the streets shall not be upon the public streets, except under proper control or guardianship.

3. Any child found committing a breach of this by-law shall be liable to be warned by any constable or other peace officer to go home, and if after such warning such child shall be found loitering on any public street, lane or square he may be taken by such constable or peace officer to his home.

4. Any parent or guardian of any child subject to the provisions of this by-law who permits such child to break the provisions of this by-law shall be warned in writing by any constable or peace officer that such child has committed a

breach thereof, and if such child is afterwards found upon any of the streets, lanes or public places of the town without proper guardianship after the hours named in section 1 of this by-law, such parent or actual guardian shall be deemed to be guilty of an infraction of this by-law and shall be liable to a fine for the first offence of one dollar, and for the second offence, two dollars and for the third or any subsequent offence to a fine not exceeding ten dollars, together with costs in any of such cases of the non-payment of such fine and costs, to imprisonment in the lock up house of the Municipality or in the nearest common jail for a period not exceeding thirty days unless such fine and costs, including the costs of commitment are sooner paid.

Done and passed in council this fourth day of November A. D. 1910.

Geo. H. Budd  
Mayor  
S. F. Kimball  
Secretary-Treasurer

## Town Council Meeting

Thursday November 3rd.

Mr. Laurie stated that owing to the change in the running time of the Kail Road it would be impossible for him to meet with the Council on their regular meeting night, as he would thereby lose two days, but if the Council could arrange to meet in the day time he would be pleased to be present.

J. W. Evans, executor of the Laycock Estate, asked leave to make good the loss occasioned by the team of Geo. Laycock falling into the trench in front of King's Store. The matter was referred to the town solicitor, Mr. Laurie. Mr. Laurie took the stand that neither the Contractors nor the Town were responsible as the team was frightened into the trench in broad day light by an automobile. There was plenty of room on the other side of the street and Mr. Laycock could have prevented the accident if he had been more careful.

Mr. J. S. Jones' resignation as Auditor of the Town was accepted as Mr. Jones is leaving the town.

Mr. Smith of the Board of Municipalities was appointed to fill his place during the remainder of the year.

The financial statement of the Sec. Treas. for nine months ending Sept. 3rd, was read and accepted.

The Petition signed by several of the Rate Payers having been presented to Mr. L. M. Johnson asking that the water main be extended to the western part of town was received. It was decided to extend the lines to the town western part of town, also to the south eastern part upon the presentation of an application signed by the required number of people.

Several parties living in the north western part of town desired an extension of the Electric Light system. The Secretary was authorized to confer with the "Sugar Co." in relation to this matter.

The question of the keeping of the street lights in repair was discussed. The Fire, Water and Light Committee were authorized to have Nalder O'Brien keep the lights in repair until the town is in a position to handle that Department themselves.

A by-law to provide for the operation, maintenance and protection of irrigation ditches within the town of Raymond was passed, also a curfew by-law.

## Prize Winners

At the Raymond Agricultural Fair

22 Cream puffs 1 Jane Ellison 2 Mary Green  
23 Doughnuts 1 Mr. T. J. O'Brien 2 Mrs. Wm. Blackmore

Sec. Treas.

**F**ROM the court-cover to the matinee, all lingerie this season is designed with the least possible fussiness; it is made of the finest batiste, cambric or muslin, enriched with lace, and has displaced the frills and flourishes by which were usually so skilfully disguised the fact that there was more to be worn under them. Flat, ungathered waistbands are the rule, and petticoats that are nearly so, and matinees which are finished with a single row of lace, and which all intelligent and healthy invalids have adopted. Two-thirds of the lingerie novelties are hand embroidered, and in forms that needlewomen at home can readily copy. The merchants tell me this is being done in the United States, and that the French embroiderers are perhaps the needler, after all, is to solve the problem of woman's nerves, and the demands of fashion in outer dress as well as in lingerie are to prove her panacea.

The companion dress is a reproduction of one of the latest Paris productions in strictly tailored bougainée, and the severe lines of the bodice, the straight, untripped skirt, the narrow little cuffs and belt of the same. The V which will be seen at the centre of the waist is stitched primly on the sides. This is the sort of dress which smart women are adopting for the day, and it is a very simple and sensible garment. It represents such comely lines, and requires so little outside of perfect workmanship in making that the slenderest parts may reproduce it, if the owner of it also has patience in her making. It is made of any material, and may be made up as handsome if made up in serge or cashmere, or other thin wool fabric. With the least variation of trimming the dress would serve equally appropriately for the matron of full figure. It is made of any material, and may be made up as handsome material, with a belt and cuffs of the same, and small velvet buttons, after the scheme of trimming which has been adopted in the coat costume which is shown above it.

Schoolgirls' frocks for very small girls nearly all show combinations this year. Plain and plaid effects, or those of a plain fabric combined with a plaid or checked fabric, are popular. Trim fabric (tulle or taffeta) is used to trim cloth, and cloth to trim tulle; tulle or velvet may be combined with almost any material, either as a mere touch or as a substantial portion of a dress. As for old favorites, they may be freshened for use throughout the winter as house dresses, combined with taffeta or with veiling; or they may be cut up to line a jacket or cape, or be remade as a petticoat. Just now some of the most fashionable petticoats are trimmed with strap-bow ties.

**A RAILWAY FOR UGANDA**  
**A**N important step towards the commercial development of the country of Uganda has been made by the decision to construct a railway connecting the shores of the Victoria Nyanza with the first navigable stretch of the Victoria Nile. The exploitation of this country has suffered severely from lack of transportation facilities, as the so-called

**Door of Foulard in Persian Design**

Uganda Railway only runs up to the doors of the protected area, as it were. Two alternative routes have been thoroughly surveyed. One advocated very strongly was that connecting the Victoria and Albert Nyanzas via the Toro Highlands. The economic importance of such a link cannot be estimated as it would pass through the finest cotton growing districts in the country; but it was realized that the technical difficulties confronting this proposal would render it extremely

persive. Consequently it has been decided to adopt a combined rail-and-water line of communication, which will be used as a feeder to the main trunk line of navigable ports and connected by short stretches of rail. This method is the cheapest, and will enable communication with Egypt to be effected in far shorter time. When the various commercial sections are joined up it will be possible to travel comfortably by train and boat from Mombasa through the heart of Africa to the Victoria Nile, thence northwards through the Sudan to Egypt and Cairo. It seems probable that one of the important feeders which Cecil Rhodes prophesied would pass such a valuable source of traffic to the Cape to Cairo line will be completed long before the through transcontinental line itself.

It is part of the duty of the official picture-hanger of the Société

By this time the pumpkin had become the principal topic of conversation in all the studios of Paris, and the least artists began to look in at the Salon to make sure that their exhibits were not being injured by an unfortunate peasant. One—Bouguereau—nearly fainted with horror on seeing the pumpkin so far from his pictures. "Take it away!" he shouted; "it kills my white and pink nymphs!"

So the pumpkin was shifted about until it had passed through fifteen rooms before a member of the society would tolerate its presence. Finally the picture hanger placed the pumpkin in the entrance hall, officially called "Salon d'Honneur," but popularly dubbed "Chamber of Horrors." Naturally the pumpkin became the mortal enemy of the happy picture hanger.

### Coffee Sponge

Cover the gelatine with a cup of cold water, and let it stand a half hour; then add the sugar, pour over the boiling coffee, stir the gelatine is dissolved. Strain

For chocolate sponge use, in  
of coffee, a pint of milk, two ou  
chocolate and two rounding tab  
fuls of cocoa moistened. Sweet  
the same amount of sugar, add  
time and a teaspoonful of vanill  
ish as in preceding recipe.

**T**HE use of colored woods in the construction of furniture has

The colored wood is used for furniture making and for the manufacture of doors and window frames. It can be employed for outdoor purposes, which ease no painting is necessary, though a coating of varnish would be a necessity. For the fitting of ships, railway cars, and similar purposes, this stained wood appears to be especially fitted.

**H**OW the cost of living in  
has risen in the past 20 years  
is set forth in a compar-

From 1890 to 1897 prices in had a downward trend, which ceeded in the next decade by rapid upward movement culminating in 1907. Prices went down in 1908, climbed again last year and this taking the average level of prices for the decade from 1890 to 1900. On this basis the report shows that in 1908 prices were about ten per cent

by 1907 they had reached a point twenty-six per cent. above that

One of the most pleasing matinees of late importation

In all sorts of garments you will see, this season, the less shoulder. The first latest nightdress form is made with a yoke and sleeves in one heavily embroidered piece. The skirt portion is pleated in two places or less, so that the necessary fulness is evenly distributed. The tops of the sleeve ruffles are similarly tucked, though the frilled edges are free. In the princess petticoat or combination which is now shown all the hand embroidery is concentrated upon the upper portion. There is an occasional so-called combination garment which practically is the same as that shown in the illustration, but is, in two pieces, the lower portion being buttoned on to the waist with tiny flat buttons which, in present one-piece dress with rather loose waist, are not so well received.

The new drawers show very wide slits at the top, the flounces having typically at large intervals. The flounces are opened for the entire length at the outer side, and the facing corners formed are elaborated with insets of Valenciennes or Cliffe. At the top of this slit there is usually a large bow of soft ribbon. Some, but not all, of these garments are decorated with circular tufts, i. e., tufts of circular lace, which are fitted sitting snugly on the hips, flare to quite do the top width at the knees. All the pantalon skirts are in this way, and some of the more notable are finished at top with a three-inch band, which shapes around the form a shallow yoke, though really rising into a belt form. The skirts are made with cambric top, and eight-inch flounces

As a suggestion for early autumn economy in dresses, pretty models are now much in vogue. They follow, in a respects, especially those for women, directly the lines in the train of the previous season, and are distinguished from the other dresses which have been worn in this department by their number, though without in any way repeating the "fashions" which have been so successful. They have the characteristic, that while illustrating the newest lines on which economical dresses may be made, they are also of a sort that may be made up out of other fabrics. A dress of summer silk, of veiling, or of crepon, which has been better days and is somewhat out of fashion, may be converted by a few changes into a more attractive theatre or home gown for the coming months.

The first is made of serge, which forms the centre part

W. S. BERRYESSA  
Editor and Publisher

Friday, November, 11th 1910

A good many years ago, when  
a boy was whipped at school, he  
received another whipping when  
he went home, but in these days  
the father and mother wipe his  
tears away and go and whip the  
teacher.

The only honorable and honest  
way to stop a newspaper is to  
step into the office and pay up  
all arrearage, get a receipt and  
have your name off the list. To  
your paper back at the pub-  
lisher marked "refused" when  
you owe six months or a year,  
and never go near the office is  
not only disreputable, but super-  
latively dishonest as well.

The prosperity of a town is not  
guaranteed by the wealth of its  
inhabitants, but by the uniformity  
with which they pull together  
when any important undertaking  
is to be accomplished. A man  
with a thousand dollars at his  
command and a love for his town  
in his heart can do more for the  
upbuilding of it than the million-  
aire who looks up his capital and  
snaps his fingers at home pro-  
gress.

Boys with hats on the back of  
their heads and long hair hang-  
ing down over their foreheads  
and cigarettes and very smutty  
stories in their foul mouths are  
cheaper than old worn out  
work horses. Nobody wants  
them at any price. Men don't  
employ them and sensible girls  
won't marry them. They are not  
worth their keeping to any body  
and it is not likely that they will  
be able to keep themselves. If  
anybody should happen to read  
this who answers to the above  
description, let him take a look  
at himself and jump into a well  
and say: "Here goes nothing."

Stop neglecting to return bor-  
rowed books. Stop indulging  
in more than 100 pounds  
of self-content to the square inch  
Stop supposing that the world  
could not get on well without you  
Stop looking at the dark side of  
life Stop furnishing your friends  
with the minute particulars of  
your body ailments. Stop taking  
pessimistic views of men, things,  
and the theory of the universe.  
Stop working too hard Stop  
working not hard enough Stop  
writing to fam'us people for  
their autograph. Stop prece-  
dinating. Stop sending to news-  
papers "Something I've just  
dashed off and haven't stopped  
to correct."

Protect your own town and  
thoroughly show that you are in favor  
of protection. If protection is  
good for the nation it is good for  
the town. As townspeople we  
should favor our town above  
every other as the growth and  
development of it is what will  
enhance the value of all property  
in and about it. Then buy your  
drygoods, groceries, hardware,  
furniture, etc., at home; have your  
printing, your blacksmithing,  
your shoe making done at home  
patronize home in every instance  
that you can. The success of  
our merchants and mechanics  
means new business houses and  
residences, additional demands  
for labor of various kinds. To  
the farmer a first class town af-  
fords a better market for his  
grain, a better trading point and  
such a town is bound to increase  
the value of his land. Unques-  
tionably "in union there is  
strength." Let us protect our  
town.

### NOVEMBER

Of all months of the year Nov-  
ember is the one of reflection, as  
we review the past we cannot  
but contemplate the future. The  
annual death of the leaves and  
flowers and their annual resur-  
rection teach a beautiful lesson.  
What is more richly instructive  
than the verdure of spring, field  
and forest mantled with emerald  
in April, whitened with blossoms  
in May and June, awakes all  
that is noblest and best in our  
nature. The rich summer beauty  
the luxuriance of the harvest,  
the brilliancy of autumn inspire  
us with richer and riper thoughts.  
The whole summer is a contin-  
uous feast that we try to share  
with our friends.

The saddest day of the year to  
a lover of flowers is one that  
succeeds a hard frost. A thou-  
sand attachments are severed in  
a few hours. The wilderness  
that had blossomed as the rose  
has become a blackened sepulchre  
at the touch of the icy lips of  
King Frost. But we have only  
to wait a few months and we  
hall once more the vernal spring  
for 'tis only through death  
that we live again.

### NOTICE

When looking over the list of  
prize winners if you won a prize  
and your name doesn't appear as  
a winner in any of the Departments  
the kindly notice the Secretary of  
the Agricultural Society, S. P. Kimball  
at once. A number of persons  
made entries without receiving an  
entry number and as a result we  
have no record of their entries.  
This is very important if you ex-  
pect to get your prize money.

## SIGNALS OF DISTRESS

Sick kidneys give many signals of distress.  
The secretions are dark, contain a sediment.  
Discharges are frequent, scanty, painful.  
Backache is constant day and night.  
Headaches and dizzy spells are frequent.  
The weakened kidneys need quick help.  
Don't delay! Use a special kidney remedy.  
Booth's Kidney Pills cure sick kidneys, backache and urinary disorders.  
Mrs. M. E. Parr of 252 John Street, St. John, Ont., says:  
"I have found more actual results after using Booth's Kidney Pills than I did from any other remedy ever used. I had suffered for several years with kidney and bladder trouble and after a short course of treatment with this medicine I have been cured. Miserable pains across my back which would extend up my spine and into the back of my head, frequent headaches and dizziness and kidney secretions that were scaly and contained a heavy sediment had me all run down. These troubles have all left me and I am pleased to give Booth's Kidney Pills my best wishes for success and my hearty endorsement. For sale in Raymond by McDuffie Bros. and Co.  
Sold by dealers. Price 50 cents. The R. T. Booth Co., Ltd., Fort Erie, Ont., Sole Canadian Agents."

SYNOPSIS OF CANADIAN NORTHWEST  
LAND REGULATION.

Any person who is the sole head of a family, or any male over eighteen years old, may homestead a quarter section of available Dominion land in Manitoba, Alberta and Saskatchewan. The applicant must appear in person at the Dominion land agency or sub agency for the district. Entry by proxy may be made at any agency on certain conditions by father, mother, son, daughter, brother or sister of intending homesteader.

Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may

pre-empt a quarter section along side his homestead. Price \$300 per acre. Duties—Must reside six months in each of six years from the date of homestead entry including the time required to earn homestead patent and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$3 per acre. Duties—Must reside six months in each of 3 years, cultivate fifty acres and erect a house worth \$300.00.

Coal—Coal mining rights may be leased for a period of 21 years renewal at an annual rental of \$1 per acre not more than 2,560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY.

Deputy of the Minister of the Interior.

## Taylor Academy Notes

Instructor Wool lectured at Magrath on Sunday night.

President Redd spoke briefly at chapel on Monday last.

What's the matter with the heating plant, anyhow? Echo answers.

The sewing machines have arrived for the domestic arts department.

Several new faces were seen at chapel on Monday. Welcome new students.

Raymond must become an educational centre, and this means a beautiful and attractive city.

Thanks, President Wood, for the magnificent desk you provided for the Presidents office.

Very shortly the Missionary Class will begin, and it is expected that about 30 boys will report for work.

Very soon now the new Academy will give the first of a series of amusements, in all probability a dance.

All things considered, the attendance is lively remarkable. Let "400" for next year be the slogan. All together.

The mandolin and guitar orchestra, at least part of it, made its first appearance at chapel on Tuesday, and it made a rare hit.

Really, it does one good to visit chapel these days, for, apart from ourselves, it is an inspiration to see the ever growing body of students.

Instructor Tanner has occupied his spare moments for several days now in getting in order the physical and chemical apparatus, recently purchased by the Board.

Superintendent Horace H. Cummings, who recently visited us, spoke in flattering terms of the future prospects of the Taylor. And why not, we ask?

Director Ursenbach, so says rumor made several "slips" on Monday in his work. Instead of saying "Why I am a Mormon" in theology, he is reported to have ejaculated, "O students, how Canada is growing!" But then can you blame him? Let it be remembered that on Saturday night his wife and eight children arrived from the States.

Do not forget Harold Nelson Monday and Tuesday nights.

Candidates at the Raymond Opera House next Monday evening.

Mr. Harold Nelson and his capable company of players have been secured for a return engagement next Monday and Tuesday evening and will present the great play of humor and satire, "Candidates."

This will be the farewell appearance of Mr. Nelson for some time as he has several important engagements to fulfill in the coast cities. "Candidates" is practically a new play, this being the first time it has been produced in western Canada. It is an ideal play, containing some of the most beautiful lines of any play yet written and Mr. Nelson and his company have taken special pains with the production. Needless to say, the acting is of the very best and two new faces, an actor and an actress have been added to make the production complete.

## Local and General News Items

Remember the Dance tonight.

Relief Society Conference at 10 a. m. and 2 p. m. today.

Do not forget the M. I. A. Concert tomorrow night.

Stake Conference commences Saturday morning at 10 a. m.

Mr. Wm. Palmer and family have moved in town for the winter.

The Raymond Water Works System is progressing nicely, thank you.

FOR SALE—11 tons of first class potatoes Apply to Wm. Wild, Welling.

FOR SALE—Two Tapestry rugs 9 x 12 feet, never used. Dr. J. E. Amos.

Mr. Warren Depew and family have moved in town for the winter and report the triplets doing fine.

Mr. and Mrs. Roy Fairbanks have returned from Mountain View and will spend the winter at Raymond.

Mr. Grey, contractor for the Raymond Water Works System, was in town inspecting the work this week.

Mr. Wm. Rose and family moved in town this week. Will is a home steader and is seeking employment for the winter.

Cost of living reduced! You can buy a big loaf of bread for 5 cents at the Japanese Restaurant, opposite the Post Office.

A Parlor Concert will be given at the residence of Dr. J. Elmer Amos on Friday evening November 18th. Admission 25 cents.

Election time is drawing near and we hear the following question on every hand: "Who is going to be the next Mayor?"

The Curfew rang for the first time in Raymond on Saturday night at 8 p. m. Boys and girls were seen running in homeward directions.

We have a few Japanese hand embroidered silk waists at \$3.00 each, and ladies bedroom slippers at 20 cents per pair, at the Japanese

The fourth Annual Seed Fair of the Raymond Agricultural Society will be held at the Raymond Opera House Thursday November 24th. Get your seeds ready now.

Last week a lad from the back woods came further north and seeing a young lady playing a piano, ran to his brother, saying "Oh, Bill come and see this girl. She is knocking regular thunder out of a bureau."

On Saturday afternoon a colt belonging to Mr. Jas. F. Gordon, was peacefully following its mother on First North, when a dog ran it into the Water Works trench. The animal died shortly after being taken out. This makes the sixth animal that has been killed in these trenches.

Joshua Simkins was greeted by a large crowd at the Opera House on Wednesday night. This company was well balanced and played all there was in the play, which was enjoyed very much by all. Members of the Opera House Orchestra joined with the Simkins Orchestra and rendered music that was appreciated by the Audience.

A Bailiff's Auction sale of about thirty five head of horses including six mules belonging to J. E. Mason of Ralfe Alberta, will take place at Bonnell's Livery Barn, Fourth Ave. South Lufferin Street, Lethbridge, Alberta, at 2 o'clock on Thursday afternoon the 24th day of November, 1916. This Stock has been seized under Chatt'l Mortgage and will be sold without reserve. Terms Cash.

Canada can boast of many great enterprises but the one in particular that all Canada is proud of, is that great weekly printed in Montreal. The Family Herald and Weekly Star. With its 28 and 29 pages every week of the best reading matter, it certainly is a big dollar's worth, and then again every subscriber for 1911 has an opportunity to win a Free Trip to the Old Country next June. Anyone who is not already a reader of that great weekly should lose no time in sending in an order. The price is only one dollar.
